

**A HEALTHY MIND.
A HEALTHY YOU.
DISCOVER TRANQUILITY.**

Comprehensive Psychiatry and Counseling Services

At Tranquility, we realize how stressful it can be to establish care with a new provider, especially for mental health needs. As such, we aim to provide a patient-centered, nonjudgemental, compassionate environment where we hope you will feel comfortable discussing your concerns. While the greatest service you will receive at Tranquility is care with a personal touch, we offer many services including but not limited to:

- ADHD Management and Testing
- Anxiety Management
- Couples Therapy and Counseling
- Depression Management
- Diagnostic Clarification Testing
- EMDR
- Family Therapy and Counseling
- Genetic Testing for Psychotropic Meds
- Individual Therapy and Counseling
- Marriage Therapy and Counseling
- Medication Management (Patients aged 3 to 65)
- Obsessive Compulsive Disorder Management
- Oppositional Defiant Disorder Management
- Tele-Behavioral Health Services
